

# CSR REPORT OF LIGNITE PROJECT, RAJPARDI FROM APRIL -2018 TO January-2019

## **CSR REPORT OF LIGNITE PROJECT, RAJPARDI, GMDC**

**(APRIL -2018 TO JANUARY -2019)**

Gujarat Mineral Development Corporation is basically a mining industry dealing majorly in major mineral Lignite and some minor minerals which are overburden material. It has started its journey since 1963 and still growing year wise. GMDC is not only in the profitable business but is also associated with the public and is engaged in Corporate Social Responsibility. It is doing the CSR activities long before coming into the action of The Company's Act,2013.

CSR has become mandatory afterwards and a well designed CSR Policy is framed by the organization from top level in which several sectors are incorporated in which the developmental work for society is carried out.

Amod G-19 Ext. Lignite Mine, Rajpardi is one of the Lignite Mines of Gujarat Mineral Development Corporation and in this report the activities being carried from April 2018 to November 2018 is presented.

### **1) Health & Sanitation:**

During this financial year 2018-19, the major focus area of Lignite Project, Rajpardi is Health and Sanitation sector. It is well known fact the area is quite remote and the mines is surrounded by villages. There is not any health care facility in the nearby villages. Looking to the above scenario, GMDC Rajpardi has started an e-clinic which comprises of mobile van dispensary with the facility of health check up and patient counseling, different pathological tests and provision of medicines. The facility is run in 15 villages of 03 Group Gram Panchayats.
